## Why the virtual race?

We are excited to provide you with a unique opportunity to be involved in the **first** ever not-for-profit fund-raising virtual charity race in Canada!

While we are unable to host our annual Family Walk and Run along Zenway Blvd. this year due to traffic closure restrictions, the virtual race provides an innovative alternative until we return next year at a new location!

## What is a virtual race?

Inspired by the hit movie Avatar, Meta Foundation has created this unique event that will take place in a virtual world (on your computer). You will view Avatars "competing" in a race to raise money for Meta Centre that provides multi-faceted services to adults and children with special needs.

## How do you participate?

**Please visit the Meta Foundation website.** When you get to the site you will view a welcome message from the Eddie Shack Avatar, representing the long time hockey personality and supporter of the Meta Foundation. You will then be invited to select one of the eight Avatars. By selecting your favourite Avatar, you are guessing which one will win. All of the participants who selected the winning Avatar will be entered into a prize draw to win one of twenty great prizes.

Make sure you tell all your friends, co-workers and family; it's only **\$25.00 (\$20.00 if you register before July 15th)** for a chance to win big and help adults and children with special needs.

## About Meta Centre

The Meta Centre was founded in 1986 as a not-for-profit social services agency dedicated to the provision of services to adults and children with special needs, and to the inclusion and integration of varied ethno-cultural communities into Canadian society. From our first small part-time day and evening recreational programs, the Centre has managed its growth responsibly and has emerged as a leader in the community-based developmental services sector.
